

# JUNIOR DISCUSSION GUIDE

## Discussion questions for Junior Troops working on the Animal Habitats Badge:

- Start a discussion with Juniors: “What animals do you share your home with?” Prompt them to think outside the walls of their home.
- Ask Juniors to answer: “How do we interact with these animals daily?”
- Prompt Juniors to consider how we can keep animals safe in our daily lives, and how we can stay safe around animals.
- Ask Juniors to discuss how their Troop can make a difference in the habitats they share with animals. Present service-learning projects and Juniors can choose how to help!
