Pasado’s Safe Haven is back this fall with a heartwarming event to recognize the animals and people who inspire change and to encourage more to support our lifesaving work. Don’t miss an evening of live music, raffles, an auction, and a gourmet vegan dinner experience.
WHY SPONSOR PASADO’S CELEBRATION OF LOVE?

We can’t do this work alone. Our event provides funding for the rescue and rehabilitation of animals, unique educational programs, and essential political advocacy for the protection of animals.

Pasado’s has positively impacted the lives of thousands of animals. We help by:

- Investigating animal cruelty
- Recuing abused and neglected animals
- Providing healing at our sanctuary
- Offering medical services for the animal companions of income-qualified families
- Educating children and adults about compassion
- Driving policy change on behalf of the animals

With your sponsorship, we can continue making a difference in the lives of countless animals!

This work does not happen without community support.

Your organization will benefit from increased visibility through our various sponsorship options and have the opportunity to contribute to saving the lives of animals.

WHO’S COMING TO THE TABLE?

Fun. Influential. Passionate. These are just a few words to describe the Pasado's community. The mix at our events includes a unique blend of dynamic movers and shakers! Our followers come from all walks of life, including corporate executives, animal lovers, and community evangelists. Celebrate Pasado’s engaging new friends, donors, and volunteers while raising money to support the animals and our lifesaving work. Our community understands that when we succeed in helping animals, we create a better world for all of us.

MAKE AN IMPACT
Pasado's is relentless in ensuring respect for every animal. Our commitment to justice for the animals drives work focused on the most vulnerable among us – victims of cruelty and neglect, animals living with families lacking access to critical services, and those animals whose very survival depends upon social or legislative change. We are raising the bar on an entire system.
